✻ CIGARS ✻

www.bossner.de

BOSSNER präsentiert Ihnen seine umfangreiche Kollektion an exklusiven Cigarren für die Liebhaber klassischer Formate und auch Pretiosen für den anspruchsvollen Aficionado. Sämtliche Cigarren zeichnen sich aus durch die hervorragende Qualität der verwendeten Tabake, sowie durch die reiche Erfahrung der Cigarrenroller aus den wichtigsten Cigarrenländern. Die Ursprungsländer der BOSSNER-Cigarren sind die Dominikanische Republik und Nicaragua.

Bei der Herstellung der Cigarren werden ausschließlich Tabaksorten höchster Qualität verwendet. Die Tabake für jede einzelne Cigarre werden kontrolliert, sowohl auf den Geschmack als auch auf die Unversehrtheit der Blätter, da die Cigarren nur aus ganzen Blättern hergestellt werden. Mit höchster Sorgfalt werden auch die Deckblätter ausgewählt, damit die Cigarren den charakteristischen Geschmack bekommen. Es werden die schönsten Deckblätter aus Brasilien und Sumatra, aus der Dominikanischen Republik, Ecuador und Nicaragua ausgewählt: vom Connecticut Deckblatt bis zu edel glänzenden und sehr wertvollen Deckblättern aus Ecuador, Colorado Maduro.

Die BOSSNER Cigarren werden mit viel Sorgfalt und Liebe ausschließlich in Handarbeit gefertigt. Das Streben nach Perfektion ist das Credo der BOSSNER Qualitätsprodukte, das alle Etappen der Herstellung kennzeichnet. Welches der erlesenen Formate am ehesten Ihrem individuellen Geschmack entspricht, überlassen wir Ihnen. Wir beraten Sie gerne bei der Auswahl Ihrer ganz persönlichen Cigarre!

BOSSNER presents its extensive collection of exclusive cigars for the lover of classical formats and also some gems for the aficionados taste. All cigars are characterized by the excellent quality of the tobaccos, as well as by the rich experience of the Tabaqueros from the cigar home-lands. The countries of origin of the BOSSNER-Cigars are the Dominican Republic and Nicaragua.

For the manufacturing of the cigars BOSSNER chooses only tobacco of highest quality. The tobaccos for each cigar are being controlled, both on the taste as well as to the integrity of the leaves, as only whole leaves are picked for the production. Also the wrapper is selected with the utmost care to give the cigars their characteristic taste. Only the most beautiful wrappers from Brazil and Sumatra, from the Dominican Republic, Ecuador, and Nicaragua are being selected: from Connecticut wrapper to the elegant shiny and very valuable wrappers from Ecuador, the Colorado Maduro.

BOSSNER-Cigars are being rolled and packed with a lot of care and love, all hand-made. The pursuit of perfection is the credo of the BOSSNER products, which characterizes all stages of production. Which of the exquisite formats is the best suited to your individual taste, we leave for you to discover. We will be pleased to advise you with the selection of your very personal cigar!

BOSSNER предлагает любителям классических форматов богатую коллекцию эксклюзивных сигар, а взыскательному афисионадо – настоящие сигарные шедевры. Богатый опыт роллеров из самых знаменитых сигарных стран и отменное качество табака являются отличительной чертой всех сигар BOSSNER. Свои истоки сигары BOSSNER берут в Доминиканской республике и Никарагуа.

При изготовлении сигар используется табак только высшего сорта. Табак для каждой отдельной сигары контролируется как на вкус, так и на цельность листьев, так как сигары BOSSNER скручиваются из целых табачных листьев. С особой тщательностью выбирается покровный лист: благодаря ему сигара получает характерный вкус. Только самые лучшие табачные листья из Бразилии и Суматры, Доминиканской республики, Эквадора и Никарагуа покрывают сигары BOSSNER: от покровного листа Коннектикут до изысканно блестящих и очень ценных листов из Эквадора: Колорадо Мадуро.

Сигары BOSSNER изготавливаются с особой тщательностью и любовью, и исключительно вручную. Стремление к перфекционизму – это кредо компании, которое прослеживается на всех этапах производства продуктов высшего качества BOSSNER. Какой из изысканных форматов более всего соответствует Вашему индивидуальному вкусу - решать Вам. Мы с удовольствием проконсультируем Вас в выборе Вашей индивидуальной сигары!

BOSSNER Special Kosher Edition

Since autumn 2013 BOSSNER offers its entire cigar line from Nicaragua in kosher version. The rabbi supervises all steps of production from leaf through fermentation to make sure the cigars are made according to kosher law. BOSSNER kosher cigars carry the mark of Kosher Supervision of America (KSA) certification.

The cigars are rolled and treated specially, so that you also may enjoy them during Passover. Tobacco leaves are grown and stored according to kosher law. The glue used is a tree sap-based. The cigars are isolated from non-kosher products during the entire manufacturing process.
